APRIL 2011

Volume 39, Number 4

Dear Members:

It seems like just a few weeks ago we were celebrating a new year and here we are with one quarter of 2011 already behind us. We have had a number of successful events already and more is on the way.

March was a busy month with Heritage Day kicking off the month with a bang. We had a wonderful mixture of presenters and food demonstrations and lots of hungry visitors. We even had a film crew from Oslo stop by to document the day and they did a few interviews as well. For this we have to thank our member Kaja Englund, she was the star of the filming. At a future lodge night we hope to be able to show this bit of Oslo TV film footage.

We had 15 people attend the Swedish Weaving class on the 19th and we had a huge turnout, 40 people, for the Genealogy class on the 26th. Many thanks go to Selma Snaring for setting up these wonderful opportunities for us to learn and socialize. Other classes scheduled for April are; Swedish Weaving on the 9th, a Bunad Blouse sewing workshop on April 12th, 13th and 14th and Lefse classes, on the 16th and 17th. Be sure to look inside your Nyheter for more details and to get registered for these great classes.

We enjoyed a delicious corned beef and cabbage dinner cooked by Don & Ellie Fife and crew at our March lodge night. As part of our meeting Carol Scheinberg, our Counselor, gave a heartfelt memorial service to honor those of our members who passed away in the last year. Thank you Carol and to everyone who was there to participate in this important ceremony.

April 2nd was a busy day at the lodge with a full class of students downstairs learning how to carve small wooden figures; while upstairs we hosted a Zone 3 meeting. Members from Leif Erikson, Cascade, Edmonds, Vesterdalen and Bothell lodge came together to share ideas to increase the cultural and social programs within our respective lodges. We will be sharing some of these with you in the near future.

At our Lodge night on the 21st come and stuff a baked potato with lots of yummy toppings for dinner. Then please help me to make our newest members welcome by participating in a special ceremony to recognize those members who have joined our lodge since last October.

I am sending out an invitation to our membership to find our new lodge Princess for 2011. We are looking for a young lady between the ages of 16 and 21. She does not need to be a member, but she must be related to a member of Bothell lodge. If you know of a wonderful young woman who meets these requirements please let me or any officer know her name.

Thank you for taking the time to read my words. I hope you have found something of interest and that you take advantage of one of the classes or other events at Bothell Lodge.

Hope you have a happy and blessed Easter.

Fraternally yours,

Wendy Wight

Life insurance provides a death benefit; money that your beneficiary can use for whatever purpose they choose.

Life insurance can help to:

Pay your last expenses, which may include estate taxes and burial costs.

Replace your income and help maintain your family's standard of living.

Protect your family's home by paying off the mortgage and other debts.

Pay others to do some of the tasks you do routinely, such as caring for a child or an aging relative, maintaining the yard or home, or providing the time to do these things oneself.

Ensure a child can afford college or a trade school.

Provide supplemental income for your spouse or partner.

Provide funds to settle an estate.

Pay expenses incurred to keep your small business in the family.

Many members have often asked me, "Jerry, how much life insurance do I need?" There's no single correct answer since the amount can range from 2 to 10 times your annual income depending on your personal needs. For your family's needs, call me for a Free Life Insurance Needs Estimate

HERITAGE DAY LEFSE BAKE

I would like to thank those who turned out for the Lefse bake, on Thursday March 10, 2011. We baked a total of 120 rounds for Heritage Day. Those of us, who participated in making fresh Lefse for the Lunch table, feel that the people who come to the Heritage event will enjoy our extra effort. We used a total of 30lbs. of potatoes and finished with cleanup and all by 1:30pm. Our President, Wendy Wight, had a prior commitment and said she had to leave at 10:00am., but felt she could get some Lefse rolled before she had to leave. Wendy ended up leaving at 10:15, I hope she still made her appointment. Thank you Mike and Salma for continuing on your own, working right on through, until the last Lefse was rolled.

Thank you, Mike Nelson *

A Touch of Norway by Jerry Scheinberg

Roald Amundsen (1872 – 1928) Polar explorer, discoverer, researcher and pioneer of flight was born in Borge Norway. He studied medicine but, when both his parents died, he abandoned his studies to dedicate his life to polar research. His first trip to the Polar Regions was as first mate Antarctic expedition of 1897-1899. In the summer of 1903 Amundsen sailed from Oslo toward the North Pole with the primary goal of measuring the earth's magnetic field and determining the North Pole's exact location. The second goal was to find the Northwest Passage, for which the English had been searching for 400 years. The first objective was achieved during a 23-month stopover on King William Island. While there Amundsen studied how the Inuit lived and gathered a prodigious amount of ethnographic material. Amundsen fulfilled his second goal by sailing on until his ship emerged at the other end of the Northwest Passage in August 1906.

While preparing for an expedition to the North Pole, in 1907, both Frederick A. Cook and Robert E. Peary claimed to have reached the North Pole, in 1908 and 1909, respectively. Amundsen then secretly changed his plans took up the race with Scott to be the first to reach the South Pole. Amundsen reached the South Pole December 14, 1911, five weeks before Scott.

Continued next panel »

A Touch of Norway Cont'd:

In 1918 Amundsen set out for the North Pole on an expedition which was the largest, most well equipped geophysical polar expedition that had ever been mounted. His ship, the Maud, became stuck in ice. He remained there with his ship and crew for three years before they were able to free themselves. Although the expedition never reached its geographic destination, the geophysical data collected gave the expedition the reputation of being one of the most important Arctic research expeditions of all time.

Amundsen was one of the early proponents for using airplanes to explore the uncharted areas of the Arctic. In May, 1925 he and Lincoln Ellsworth, an American millionaire who provided two seaplanes, left to explore the Arctic by air. After crashing one of the planes, the two men spent three weeks making a 500 meter long runway to return to civilization on the other plane.

Despite his triumphs, Amundsen's last years were marred by criticism that weighed heavily on him. He was in precarious economic circumstances after having spent all he had on the expeditions. He felt isolated and abandoned by family and friends. On June 28, 1928, Amundsen was on a flight to rescue a fellow explorer when the plane he was on lost contact over the North Sea and he and the crew were presumed lost.

THANK YOU, SELMA SNARING

Did you ever wonder who schedules our cultural events? There are many wonderful events that help to promote our Norwegian Heritage such as Woodcarving, Bunad Blouse Classes, Swedish Weaving, and Rosemaling. But that's not all Selma does for our Lodge. There's also Norwegian Heritage Day in March and the Bazaar in November.

Selma Snaring and Carol Scheinberg worked together, last year, and this year Selma is our only Cultural Director since Carol took the office of Counselor. Selma makes her duties, of the office that she performs, look easy and the wonderful results of her hard work and attentiveness to detail are something we are all proud of.

Selma does need help, this year, now that she is doing this by herself. It's a fantastic way to learn about our Lodge and more importantly about our Norwegian Heritage. If you would like to help please contact her or one of the officers at our next meeting and I'm sure Selma will be happy to hear from you. *

STAMP COLLECTING

You people are wonderful. The collections of stamps that have been coming to us are awesome. We have been receiving canceled postage stamps from all over the world. Thank you, many times, for your help. If you are doing the trimming around the stamps, please remember to leave a border of at least 1/2 inch if possible. We have had to throw away many stamps due to damaged perforations. We are willing to do the trimming if you prefer. Thank you again for all of your help. Nancy and Lenus
